V203H - Value Series

Sustainable, Solid Vision

The V203H is a solid 16:9 format display which brings to the home a perfect balance between best value performance and technical features. Displaying 6% more viewable area then a standard 19" Widescreen 16:10 format cut for a broader view of your media which is optimized by Windows Vista.

The smart High definition EcoDisplay renders a healthy pixel per inch of 91.8% for comfortable viewing with no strain plus consuming 50% less power! The V203H is a brilliant display reproducing crisp data and media over a cinematic format with the added benefits of a higher resolution performance.

Features Summary

- **Acer EcoDisplay management**

The Acer V203H is EcoDisplay-Ready, complying with Acer's commitment to carry out product design and materials management distinctly meant to reduce environmental impact. EcoDisplay-ready LCD monitors have achieved environmentally friendly design status in the following ways:

  - o Capacity for product recycling
  - o Proper management of restricted substances
  - o Power-saving design, featuring two lamps
  - o Product thinness and minimalist packaging design

- **Power-saving design**

Acer LCD monitors use two CCFL lamps instead of four. The two-lamp design results in a simplified connector and inverter power board design, cutting power consumption by 50 percent.
energy.

- **High resolution over a wider viewing area**

The efficient **51 cm** (20") 16:9 widescreen has a viewing area which can display 6% more content then a 19" Widescreen and with a better resolution then a standard 20" widescreen with 16:10 format.

- **Brilliant color with crisp results**

The generous **contrast ratio of 50,000:1** creates crisp images and detailed data results.

- **Acer eColor Management —**

The acer Empowering Technology enables users to fine-tune and personalize the display settings by **redefining the color precision** according to the work mode whether data, media, cinema or images.

- **Acer eDisplay Management**

Acer eDisplay Management is a powerful display tool enabling advanced **color calibration** and display management for previewing and adjusting all settings enabling winning results!

- **Widescreen enjoyment and productivity**

The spacious widescreen display optimizes viewing pleasure.

  - o **Widescreen multitasking at work**
  - o **Dual widescreen displays with widescreen notebooks**
  - o **Widescreen entertainment and gaming**
